PUBLIC NOTICE
SUPERIOR COURT OF CALIFORNIA
COUNTY OF SAN FRANCISCO

October 14, 2026

BRANDON E. RILEY
Court Executive Officer

PUBLIC NOTICE REGARDING CHANGES IN PRETRIAL SUPERVISION

The agency responsible for your pretrial supervision is changing. Your release conditions are not.

Effective November 13, 2026, the San Francisco Pretrial Diversion Project (SF Pretrial) will no longer serve as the Court's pretrial supervision provider. Beginning November 13, **the San Francisco Adult Probation Department (SFAPD)** will be the agency responsible for pretrial supervision. Supervision by the Adult Probation Department does not place you on probation.

Despite this change, **your court-ordered release conditions remain in effect.** You must continue to follow all terms and conditions of your release, including all reporting requirements. You must also attend all of your court dates.

If you are currently being supervised by SF Pretrial, continue to report as required through November 12, 2026. **Do not stop reporting because SF Pretrial is closing**. Beginning November 13, report as directed by SFAPD.

If you were referred to the Community Assessment and Services Center (CASC, managed by SFAPD) when you were released, continue to report to CASC as directed.

If you have questions about your case, your release conditions, or where to report:

- Contact your defense attorney for legal advice; or
- Visit or contact CASC for assistance with pretrial services

CASC location and contact information:
