**shamannwalton** This afternoon I had the privilege of speaking at and honoring the individuals at Young Adult Court. These young people participated in a program that allowed them to correct their mistakes and have a chance at a great future. It was heartening to see that cases were dismissed and records were sealed as a result of this program. Remember, "We are all better than our worst moment," Public Defender Andrea Lindsay.

I want to thank Judge Chan, Ranon Ross from the DA's office, the Public Defender's Office and everyone who played a role in making this program successful. Your resume can change!
